Aviation Turbine Fuel:

When aviation turbine fuel tendered for transportation under this tariff fails at a point of origin to meet quality standards as prescribed by the Carrier for the listed items, Carrier will assess the following additional charges:

- (a) undissolved water - one and three tenth cent (1.3¢) per barrel.
- (b) filter membrane color - two and four tenths cents (2.4¢) per barrel for filter membrane color rating five (5) or six (6); or three and five tenths cents (3.5¢) per barrel for filter membrane color rating seven (7) or eight (8); or four and six tenths cents (4.6¢) per barrel for any darker rating.
- (c) surfactants - two and four tenths cents (2.4¢) per barrel.

When aviation turbine fuel fails to meet quality standards for more than one of the above properties, the charges will be additive.

Aviation Turbine Fuel will be transported on a fungible basis and must meet specifications established by Carrier. Fungible specifications are available from Carrier upon request at the address or phone number shown on first page.

✓ Notes:

- ✓ Notwithstanding any other limitations, shipments from Toledo, Ohio will be handled on a best efforts basis and will be accepted only when carrier can deliver corresponding fungible product tendered from other destinations. Rates from this origin expire March 31, 1999.
