LA GUARDIA AIRPORT	<i>Queens</i>	LG	53.50			

Aviation Turbine Fuel:

When aviation turbine fuel tendered for transportation under this tariff fails at a point of origin to meet quality standards as prescribed by the Carrier for the listed items, Carrier will assess the following additional charges:

- (a) undissolved water - one and eighty-five hundredths cents (1.85¢) per barrel.
- (b) filter membrane color - three and fifty-two hundredths cents (3.52¢) per barrel for filter membrane color rating five (5) or six (6); or five and seventeen hundredths cents (5.17¢) per barrel for filter membrane color rating seven (7) or eight (8); or six and eighty-two hundredths cents (6.82¢) per barrel for any darker rating.
- (c) surfactants - three and fifty-two hundredths cents (3.52¢) per barrel.

When aviation turbine fuel fails to meet quality standards for more than one of the above properties, the charges will be additive.

Aviation Turbine Fuel will be transported on a fungible basis and must meet specifications established by Carrier. Fungible specifications are available from Carrier upon request at the address or phone number shown on first page.
